

# BEAT

Jaromil's Journal of Musings

1998

I composed this song back in 1998 in XM format, using *fasttracker 2* on DOS and a MIDI keyboard; BEAT is released free and open source (complete with musical score), licensed with the Open Audio License.

- Original XM file BEAT.xm<sup>1</sup>
- High definition rendering in FLAC format BEAT.flac<sup>2</sup>
- Compressed rendering in Ogg/Vorbis format BEAT.ogg<sup>3</sup>
- Musical notation score to read BEAT.pdf<sup>4</sup>

All renderings are done using Timidity and the *freepats* sound-fonts, while the notation PDF is done using Lilypond.

Hoping you enjoy the funky tunes, I've done my best to give it a good rhythmical drive and a steady bass-line, while improvising with the piano on it. Thanks go to Paolo Scorpioni for the wise suggestions he gave at the time I was composing it.
