

Korova nicest dreams

Jaromil's Journal of Musings

1999

I composed this song back in 1999 in MIDI format and released free and open source (complete with musical score), licensed with the Open Audio License.

- Original MIDI file [korova.mid](#)¹
- High definition rendering in FLAC format [korova.flac](#)²
- Compressed rendering in Ogg/Vorbis format [korova.ogg](#)³
- Musical notation score to read [korova.pdf](#)⁴

All renderings are done using Timidity and the *freepats* sound-fonts, while the notation PDF is done using Lilypond.

As this composition has been circulating freely for some time, some people remixed it in various formats. Looking around I've found a video called "korova.mid" uploaded on YouTube by *dusthillguy*, it is a nice collage of pictures that goes well along the music: [korova.ogv](#)⁵

I hope you enjoy, it is a relaxing smooth jazz composition using piano on multiple channels, I'm happy to know if you use it around.
