

# Live in Makrolab

Jaromil's Journal of Musings

2003

This is a live recording of an improvised performance done in the Makrolab<sup>1</sup> during a residency of the dyne.org crews. It is 2 hours long and includes electronic music tracks by Dixan (spinningkids<sup>2</sup>), IT-Alien and Delazey, remixed with live percussion and voice.

Musicians involved:

- Stefano “Shezzan” Cinti at the congas
- Davide Pinna playing with circuit-bending and voice
- Me mixing electronic music and voice

Only a low quality live recording is available (recorded and streamed using MuSE), unfortunately it is encoded in the proprietary MP3 format (Ogg/Vorbis was not yet ready at that time): `live_in_makrolab.mp3`<sup>3</sup>
